Appl. No.: 10/719,993

MAY 25 2007

Atty. Docket: CL1496ORD

REMARKS

This supplemental amendment is submitted for the Examiner's consideration, further to the amendment filed on April 6, 2007.

Claims 1, and 36-70 are currently under examination.

By entry of this amendment, claims 44, 53, and 62 have been amended to replace the term "myocardial infarction" with "Alzheimer's disease". Applicants would like to thank the Examiner for the telephone notification of this typographical error, and the invitation to correct.

No new matter has been added by this amendment. Support for amended claims can be found in the specification, Table 1, Table 2, Table 5, Table 6 and the Sequence Listing.

This amendment adds, changes and/or deletes claims in the instant application. A detailed listing of all claims that are, or were, in the application, irrespective of whether the claims remain under examination in the application, are presented with an appropriate defined status identifiers. See 37 C.F.R. §1.121(c).

In light of the amendments and remarks in the present and the previous responses, Applicants submit that the present application is fully in condition for allowance. Early notice to that effect is earnestly requested.

The Examiner is invited to contact the undersigned via telephone if a phone interview would expedite the prosecution of the instant patent application.

Respectfully submitted,

By:
